

AUTHOR JOURNEY SCREENSHOTS

저자 매뉴얼

This document outlines the standard author journey across Microbiology Society publications. Where there are deviations due to the OA/Hybrid/Preprint nature of a publication these are also outlined.

이 문서는 미생물학회 출판물에 대한 표준 저자 매뉴얼입니다. 출판물의 오픈 액세스/하이브리드/프리프린트 특성으로 인해 발생하는 차이에 대해서도 설명되어 있습니다.

Submission

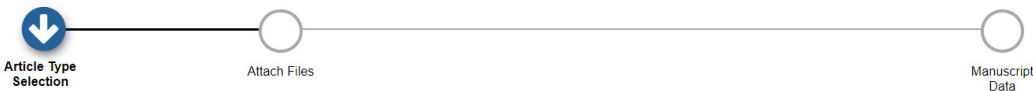

Following registration on Editorial Manager authors are first asked to select their article type across all publications. Authors are then prompted to upload their manuscript file followed by any additional files based on the author checklist. This includes details on Copyright and Publication licences which they will be prompted to provide when submitting a revised version – see details here: [Submission and peer review | Microbiology Society \(microbiologyresearch.org\)](https://microbiologyresearch.org/submission-and-peer-review).

Authors then provide information on what country they are based in and the section of the journal to which they are submitting (if relevant):

제출

편집 관리자 사이트에 등록한 후, 저자는 첫번째로 모든 출판물에서 자신의 기사 유형을 선택하여야 합니다. 그런 다음 저자 체크 리스트를 기반으로 논문 원고 및 추가 파일을 업로드하도록 요청받습니다. 이에는 개정 버전을 제출할 때 제공해야 하는 저작권 및 게재 라이선스에 대한 세부 정보도 포함됩니다. 자세한 내용은 여기를 참조하십시오: [제출 및 피어 리뷰 | 미생물학회 \(microbiologyresearch.org\)](https://microbiologyresearch.org/submission-and-peer-review).

그런 다음 저자는 자신이 속한 국가와 제출하고자 하는 저널의 섹션에 대한 정보를 제공합니다(해당하는 경우).

Each journal has its own tailored questions relating to data policies, ethics, and other journal specific topics but the most relevant questions to the publishing process which apply across the portfolio are covered in detail below.

During submission corresponding authors are asked to indicate their eligibility for Publish and Read publication (which allows OA publishing with no article processing charges) when providing additional information about their manuscript. Authors can check their institution's eligibility through the hyperlink: www.microbiologyresearch.org/fee-free-open-access.

The editorial office will then verify the author's eligibility during the technical check of the manuscript ensuring that the author's institution is eligible, that the author has an institutional email address that matches the domains registered with the Society, and that this email address is associated with the author's account on Editorial Manager. These are the criteria required for CCCRightsLink to automatically verify a Publish and Read deal.

각 저널은 데이터 정책, 윤리, 그리고 저널의 특정 주제와 관련된 기타 개별화된 질문들을 가지고 있지만, 포트폴리오 전반에 적용되는 출판 과정과 관련한 가장 관련성 높은 질문들이 아래 자세히 다루어져 있습니다.

제출 과정에서 해당 저자는 논문에 대한 부가 정보를 제공할 때 Publish and Read 출판에 대한 자격 여부를 표시하도록 요청받습니다. 이는 논문 게재료 없이 오픈 액세스 출판을 허용합니다. 저자는 자신의 소속 기관이 이에 해당하는지 다음 하이퍼링크를 통해 확인할 수 있습니다: www.microbiologyresearch.org/fee-free-open-access.

편집실은 원고의 기술적 점검 중에 저자의 오픈 액세스 출판 적합 여부를 확인합니다. 저자의 소속 기관이 오픈 액세스 출판에 대한 적합한 자격이 있으며, 저자의 이메일 주소의 도메인이 소속 기관이 학회에 등록한 도메일과 일치하며, 이 이메일 주소가 편집 관리자 사이트에 있는 저자의 계정과 연결되어 있는지를 확인합니다. 이것들은 Publish and Read 협약을 자동으로 확인하기 위하여 필요한 기준들입니다.

Please confirm that this manuscript is original and neither the manuscript, nor substantial parts of it, are currently under consideration by any other journal

Answer Required: Please select a response

Please select a response.

If your manuscript includes references to data which will be required by peer reviewers and Editors, please confirm that this is available in a public database (GenBank/EMBL/DBJ/PIR), or available on request.

Answer Required: Please select a response

Are you eligible for fee-free Open Access via a Publish and Read agreement? Please check here: www.microbiologyresearch.org/fee-free-open-access

Answer
Required:

Do you have funding to pay the article processing charge (APC) for this article, if applicable?

Answer
Required:

Authors are asked if they have the funding to pay an APC. Authors at institutions with Publish and Read agreements should answer Yes to this question. If an Author answers No they are provided information on the Society's OA inclusivity policies and encouraged to contact their librarian about Publish and Read. The manuscript is marked as 'APC Assistance Requested' and upon acceptance the editorial office will contact the authors to discuss potential waivers.

저자는 논문 게재료를 지불할 자금 제공원이 있는지 질문을 받습니다. Publish and Read 협약을 가진 기관의 저자는 이 질문에 '예'로 답해야 합니다. 만약 저자가 '아니오'라고 답하면, 학회는 오픈 액세스 포용성 정책에 대한 정보를 제공하고 Publish and Read에 대해 도서관에 문의하도록 권장합니다. 논문은 '논문 게재료 지원 요청됨'으로 표시되며, 편집실은 승인 후 저자와 가능한 면제 조건들에 대해 논의하기 위해 연락할 것입니다.

Authors are required to confirm they have permissions to reuse any content from other published sources which appears within their manuscript. This can then be uploaded to the file inventory in Editorial Manager.

Our open research platform *Access Microbiology* requires additional details from the author as manuscripts are posted as preprints before proceeding to peer review. We therefore require them to agree to a licence before the preprint can be posted:

저자는 출판된 다른 소스에서의 콘텐츠를 자신의 원고에 재사용할 권한이 있는지 확인해야 합니다. 그 후에 원고를 편집 관리자 사이트의 파일 인벤토리에 업로드할 수 있습니다.

우리의 개방형 연구 플랫폼인 *Access Microbiology* 는 동료 심사로 이어지기 전에 원고를 프리프린트로 게시하기 때문에 저자에게 추가 정보를 요구합니다. 따라서 프리프린트를 게시하기 전에 라이선스에 동의해야 합니다.

Does the manuscript reuse content from other published sources?

Answer
Required:

Yes

Please confirm you will upload your permission to reuse the work. Permission can be an email, letter, Rightslink confirmation, but it must be from the copyright holder.

Answer
Required:

Please select a response

Please select a response.

In order to post the preprint, we require that copyright holders grant a perpetual, non-exclusive license to host and distribute all versions of the preprint under a [Creative Commons](#) license to ensure we have the right to make the work available on [microbiologyresearch.org](#). By agreeing to preprint license conditions, authors should be aware they are explicitly consenting to text mining of their work (e.g., by search engines or researchers).

Who owns copyright in the manuscript? By selecting one of the below options you warrant that you are authorized to submit on behalf of yourself and in the case of a multi-authored article, on behalf of all other authors of the article, or on behalf of your employer.

Answer
Required:

Please select a response

Please select a response.

Authors may choose any [Creative Commons](#) licence of their choice for the preprint, although a CC-BY is strongly encouraged. The type of licence chosen will affect how the preprint may be shared and reused. More information to help guide licensing choices can be found in these resource documents developed by an [ASAPbio licensing](#) taskforce.

By selecting the following licence, you agree to the associated reuse terms for each license type, for this to be applied to and included on all preprint versions of your manuscript hosted on *Access Microbiology*. If accepted, you will be asked to sign a separate license for the published Version of Record.

Answer
Required:

Please select a response

Please select a response.

Authors must confirm the Title, Abstract, and Author list for their manuscript. The Title and Abstract fields can be entered manually or built from the manuscript file by Editorial Manager.

At this stage authors are also required to provide any funding sources for the research contained in the manuscript. They are prompted to provide a Funder Name, Grant Number, and to list which authors the funding applies to.

When entering the Author list the corresponding author must provide the information captured in the screen shot below. Authors looking to publish OA with no fees through a Publish and Read deal should ensure that they provide an Email Address and Affiliation category for the corresponding author that matches with a Publish and Read institution.

Once authors have completed the submission questionnaire and file upload they are then asked whether they wish to submit the paper for OA publication (see below). On fully OA journals the answer to this question is a mandatory Yes to complete the submission, if an author selects No their submission will remain incomplete. On hybrid journals the author can proceed by selecting No.

저자는 원고의 제목, 초록 및 저자 목록을 확인해야 합니다. 제목과 초록 필드는 저자가 수동으로 입력하거나 편집 관리자 사이트가 원고 파일을 기반으로 자동 작성할 수 있습니다.

이 단계에서 저자는 원고에 포함된 연구를 위해 지원된 자금에 대한 정보도 제공해야 합니다. 자금 제공자 이름, 보조금 번호를 제공하고 자금이 적용되는 저자 목록을 묻는 메시지가 표시됩니다.

저자 목록을 입력할 때, 해당 저자는 아래 스크린샷에 캡처된 정보를 제공해야 합니다. Publish and Read 협정을 통해 게재료 없이 오픈 액세스로 발행하려는 저자는 교신 저자의 이메일 주소와 소속 카테고리가 Publish and Read 기관과 일치하는지 확인해야 합니다.

저자가 제출 질문지와 파일 업로드를 완료한 후, 논문을 오픈 액세스 출판으로 제출할지 여부를 묻습니다(아래 참조). 오픈 액세스 저널의 경우, 이 질문에 대한 답변은 제출을 완료하기 위하여 필수적으로 '예' 이어야 합니다. 만약 저자가 '아니오'를 선택하면 제출이 완료되지 않습니다. 하이브리드 저널의 경우, 저자는 '아니오'를 선택하여 계속 진행할 수 있습니다.

Publication Charges

Would you like to submit for Open Access publication?

There are two possible routes to publishing Open Access with the Microbiology Society:

1. Fee-free Open Access through Publish and Read:

You are eligible for fee-free Open Access if:

- You are based at an institution listed here: www.microbiologyresearch.org/fee-free-open-access.
- You submit using your institutional email address

If you fulfil **both** criteria above, you will be automatically included. Please confirm your eligibility by clicking 'View Publication Charges' below to see the full discount applied. For more information on Publish and Read, please see here: www.microbiologyresearch.org/publish-and-read

2. Open Access through paying an Article Processing Charge (APC):

If you are not eligible for Open Access via a Publish and Read agreement, you will be asked to pay an Article Processing Charge (APC). Please ensure you view the estimated cost by clicking the 'View Publication Charges' button and applying any discount. Please see our website for possible discounts: www.microbiologyresearch.org/publishing-costs.

For all queries please email jmm@microbiologysociety.org

You can view the estimated cost by clicking the 'View Publication Charges' button and applying any discount. Please see our website for possible discounts: www.microbiologyresearch.org/publishing-costs.

If you do not wish to submit this manuscript for Open Access publication, please select 'No' below; your submission will be located in the 'Incomplete Submissions' folder and you may click the 'Remove Submission' link if you do not wish to submit the manuscript. For all queries please email mgen@microbiologysociety.org

We have identified potential funding for your manuscript's open access charges through **University Of Melbourne**.

If your manuscript is accepted for publication, so long as the deal remains active and/or funds remain available, you will receive an email from RightsLink with a link to request payment of OA charges directly from **University Of Melbourne**, or an automatic request will be submitted for you.

University Of Melbourne's agreement with your publisher may be for a heavily discounted or zero-balance-due. **University Of Melbourne** will still need to approve this request.

We have identified other potential funding sources for this manuscript; as a result, you may receive an email with a link to transact your open access charges through Copyright Clearance Center. At that point, you would be given the opportunity to request payment of OA charges directly from any eligible funding source.

Revised Submissions

Once a paper has been submitted it is assigned to an editor who either pre-screen rejects the paper, rejects and offers a transfer to another more appropriate journal, or sends the paper for review. After receiving two peer review reports the editor makes decision which is communicated to the author. At this stage authors may have to revise and resubmit. Upon submitting a revised version authors are prompted to provide a licence – if they haven't already done so (see screenshot below).

Authors are directed back to the Author Checklist as well as to where they can find the Licence Form for their submission ([How to prepare an article for submission | Microbiology Society \(microbiologyresearch.org\)](#)).

개정된 논문 제출

논문이 제출되면 편집자에게 할당되며 편집자는 논문의 사전 심사를 거부하거나, 심사 후 거절하고 더 적절한 저널로의 이관을 제안하거나, 심사를 위해 논문을 보냅니다. 두 개의 동료 심사 보고서를 받은 후 편집자는 결정을 내리고 이를 저자에게 통보합니다. 저자는 이 단계에서 수정하여 재제출해야 할 수도 있습니다. 수정된 버전을 제출할 때, 저자는 이전에 라이선스를 제공하지 않았다면 라이선스를 제공하도록 요청받습니다 (아래 스크린샷 참조).

저자는 저자 체크리스트로 돌아가야 하며 라이선스 양식을 어디서 찾을 수 있는지에 대한 안내도 받습니다 ([제출을 위한 기사 준비 방법 | 미생물학회 \(microbiologyresearch.org\)](#)).

Production

Our production vendors will contact authors once their manuscript has been copyedited to approve their proofs and also make any minor changes required. Authors do not make any decision surrounding licensing, copyright, or publication at this stage.

프로덕션

프로덕션 벤더는 교정을 완료한 후 교정본을 승인받고 소규모 변경이 필요하다면 변경하도록 저자에게 연락합니다. 저자는 이 단계에서 라이선싱, 저작권 또는 게재에 관한 어떠한 결정도 내리지 않습니다.

Post Acceptance

Upon acceptance of a manuscript authors will receive an email from CCCRightslink directing them to generate their invoice and proceed to paying their APC.

게재 승인 후

저자는 CCCRightslink로부터 이메일을 받게 됩니다. 이 이메일은 저자에게 게재료 청구서를 생성하고 결제하도록 안내합니다.

Please pay your Article Processing Charge (APC)

Dear Author Name,

Congratulations on being accepted for publication in *Microbiology* for the following manuscript:

Manuscript DOI: 10.1099/mic.0.001120-AL-230719-02

Manuscript ID: MIC-D-21-TEST-AL-230719-02

Manuscript Title: Test Manuscript 2023 02

Published by: Microbiology Society

Please pay your APC by clicking below and transacting in Copyright Clearance Center. Please ensure you have paid in full or you have begun the transaction process as soon as possible. Articles will be held from publication if the transaction process has not been initiated.

[Pay charges now / Raise an invoice](#)

To review and pay your charge(s), please [click here](#).

To complete a transaction, you will need a [RightsLink account](#). If you do not have one already, you will be asked to register during the payment process. If applicable, remember to apply any discount codes or your Microbiology Society membership ID to receive your discounts. For authors publishing in *Microbial Genomics* and *Access Microbiology*, if you are based at a [Hinari group A or B country](#), you are eligible for a 100% waiver and should select your country in the 'Apply Discounts' area to receive this.

If you have any questions about these charges, please contact CCC [Customer Service](#) using the information below.

Sincerely,
Microbiology Society

For journal articles that require an APC final publication is held until the Author has begun the payment process by generating an invoice. Upon generating an invoice, the authors will receive the following invoice prompt:

게재료가 필요한 저널의 기사인 경우 최종 게재는 저자가 청구서를 생성하여 결제 과정을 시작할 때까지 보류됩니다. 청구서를 생성한 후, 저자는 다음과 같은 청구서 메시지를 받게 됩니다:

MICROBIAL GENOMICS
Publishing for the community

Thank you for ordering your Article Processing Charge (APC)

Dear [REDACTED]

Thank you for submitting your Microbiology Society APC through Copyright Clearance Center's RightsLink service. This notice is a confirmation that your order was successful.

[Click here](#) to access your transaction details. You may also [download](#) your publisher's terms and conditions.

When you click the link above you will be required to log in with your RightsLink account credentials. Also, if you are forwarding this information to your institution, most require both a copy of your order confirmation page (a print friendly version is available online) and a copy of your invoice. Invoices are generated within 2 hours, so a link to a PDF of your invoice will arrive under separate cover within 2 hours.

Transaction Summary:
Order Date: 11-Jul-2024
Order Number: [REDACTED]
Primary Author: [REDACTED]
Manuscript: [REDACTED]
Manuscript DOI: [REDACTED]
Manuscript ID: [REDACTED]
Publication: *Microbial Genomics*
Total: 2100.00 GBP

To access your account, please visit [Manage Account Settings](#).

Please note: If you selected credit card as your payment option, your card will be charged immediately and you will receive a paid copy of your invoice within two hours under separate cover.

If you opted to pay by invoice, you will receive your invoice within 2 hours. Invoices are payable to Copyright Clearance Center immediately upon receipt.

If you have any questions, please contact CCC [Customer Service](#) using the information below.

Sincerely,
Copyright Clearance Center

Authors at institutions with **Publish and Read** agreements will receive the following confirmation that their APC has been covered.

Once they select Pay My Invoice authors will be met by the following screen:

Publish and Read 협약을 맺은 기관의 저자는 APC가 처리되었다는 다음 확인 메시지를 받게 됩니다.

청구서 결제를 선택한 후 저자는 다음 화면을 보게 될 것입니다:

JOURNAL OF GENERAL VIROLOGY

Manuscript Title: Beet curly top virus affects vector biology: The first transcriptome analysis of the beet leafhopper
Published by: Microbiology Society

We have new information regarding coverage of your open access or other publication charges associated with publishing in *Journal of General Virology*.

Based on the decision(s) summarized below, your currently required fees are all covered. If additional fees are required of you at a later point and cannot be covered by the agreement(s) below, you will receive a payment link under separate cover.

The following is a summary of all funding decisions which have been made to-date for your manuscript:

1. Funding for your Open Access fees which we requested on your behalf has been **approved** by Colorado State University based on an agreement between Colorado State University and Microbiology Society:

Funding Details
Request Date: [REDACTED]
Order Number: [REDACTED]
Total of All Charges Covered: 2100.00 GBP
Organization Contact Name: [REDACTED]
Organization Contact Email: [REDACTED]
Organization Contact Phone: [REDACTED]

Sincerely,
Microbiology Society

Once an article is published authors receive the following automated notification:

기사가 게재되면 저자는 다음과 같은 자동 알림을 받게 됩니다:

Dear [REDACTED]

Thank you for publishing with the Microbiology Society. We are pleased to provide you with a free digital offprint of your recently published article as a PDF. You and your co-authors can access your offprint from the URL below, which is valid for 25 downloads:

***Pseudomonas nitritolerans* sp. nov., a nitrite-tolerant denitrifying bacterium isolated from a nitrification/denitrification bioreactor**

[http://ox-dev-01.ingenta.com:16011/pub2web/content/journal/ijsem,\[REDACTED\]original-or=authorOffprint&identity\[REDACTED\]6ec6c](http://ox-dev-01.ingenta.com:16011/pub2web/content/journal/ijsem/[REDACTED]original-or=authorOffprint&identity[REDACTED]6ec6c)

If the URL breaks between two lines in this email, please cut and paste the entire URL into your browser. If you encounter difficulty downloading the PDF, please email us at publishing-production@microbiologysociety.org.

Promote your paper ??? tweet your article [@MicrobioSoc](https://twitter.com/MicrobioSoc) and we will retweet to our 25K followers!

The Microbiology Society is a membership charity for scientists interested in microbes, their effects and their practical uses. It has a worldwide membership based in universities, industry, hospitals, research institutes, schools, and other organisations. Our members have a unique depth and breadth of knowledge about the discipline. The Society's role is to help unlock and harness the potential of that knowledge.
